## Item 2.02

On March 9, 2023, a.k.a. Brands Holding Corp. (the "Company") issued a press release announcing its financial results for the fiscal quarter and year ended December 31 , 2022. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

## Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On March 6, 2023, Jill Ramsey, the Company's Chief Executive Officer, and the Board of Directors (the "Board") of the Company determined that Ms. Ramsey will take time to work through unforeseen medical issues, effective as of March 9, 2023. Ms. Ramsey will remain employed by the Company and will be as active in the business as her health allows. Ms. Ramsey will also remain on the Board.
On March 6, 2023, the Board appointed Ciaran Long, the Company's Chief Financial Officer, to serve as acting Chief Executive Officer on an interim basis, effective as of March 9, 2023.

Mr. Long, age 50, joined the Company in April 2021 as Chief Financial Officer. Mr. Long is a strategic leader with over 20 years of experience developing and managing high performance, cross-functional teams geared toward driving organizational growth and change. Immediately prior to joining the Company, Mr. Long served as Chief Financial Officer of Samsclub.com, a multi-billion-dollar omnichannel business, and Vice President of Finance for Membership, Marketing and Supply Chain at Sam's Club, a division of Walmart Inc., beginning in November 2017. During his seven-year tenure at Walmart, Mr. Long held numerous leadership positions within Walmart's eCommerce divisions between September 2014 and April 2021, including Vice President of Finance for Merchandising and Vice President of Finance for Supply Chain, Customer Care and Payments. Mr. Long joined Walmart after co-founding CleanGrow, a developer of new sensor technology to measure key water quality parameters, and managed CleanGrow from April 2009 to August 2014. Mr. Long is a qualified Irish Chartered Accountant.

There are no arrangements or understandings between Mr. Long and any other person pursuant to which Mr. Long was selected to serve as acting Chief Executive Officer. Mr. Long does not have a family relationship with any director, executive officer or person nominated or chosen by the Company to become a director or executive officer of the Company. There are no related person transactions (within the meaning of Item 404(a) of Regulation S-K promulgated by the Securities and Exchange Commission) between Mr. Long and the Company.

## Item 7.01 Regulation FD Disclosure.

On March 9, 2023, the Company issued a press release announcing the transition described in Item 5.02 above. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The information contained in Items 2.02 and 7.01 of this Current Report on Form 8-K and Exhibit 99.1 hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such filing.

## a.k.a. Brands Holding Corp. Reports Fourth Quarter and Full Year 2022 Financial Results

## Full Year 2022 Net Sales Grew 9\% to \$612 Million Dollars <br> Company Announces Omnichannel Initiatives for 2023 Ended the Quarter with an Improved Inventory Position; Up 9\% Year over Year, Down 8\% Sequentially

SAN FRANCISCO - March 9, 2023 - a.k.a. Brands Holding Corp. (NYSE: AKA), a brand accelerator of next generation fashion brands, today announced financial results for the fourth quarter and full year ended December 31, 2022.

## Results for the Fourth Quarter

- Net sales decreased $18.3 \%$ to $\$ 149.1$ million, compared to $\$ 182.4$ million in the fourth quarter of 2021; a decrease of $13 \%$ in Constant Currency ${ }^{1}$.
- Net loss was $\$(173.9)$ million or $\$(1.35)$ per share in the fourth quarter of 2022 , compared to net income of $\$ 0.0$ million or $\$ 0.00$ per share in the fourth quarter of 2021, and ( $28.9 \%$ ) of net sales. Included in this loss was a non-cash impairment charge of $\$ 173.8$ million.
- Net loss, as adjusted ${ }^{2}$ was $\$(3.4)$ million, or $\$(0.03)$ per share in the fourth quarter of 2022, compared to net income, as adjusted of $\$ 4.3$ million or $\$ 0.03$ per share in the fourth quarter of 2021.
- Adjusted EBITDA ${ }^{2}$ was $\$ 6.1$ million, or $4.1 \%$ of net sales, compared to $\$ 16.1$ million, or $8.8 \%$ of net sales in the fourth quarter of 2021.

## Results for Fiscal 2022

- Net sales increased $8.8 \%$ to $\$ 611.7$ million, compared to $\$ 562.2$ million in 2021 or decreased $0.3 \%$ pro forma ${ }^{2}$ adjusting for the acquisition of Culture Kings.
- Net loss was $\$(176.7)$ million or $\$(1.37)$ per share in 2022, compared to net loss attributable to a.k.a. Brands Holding Corp. of $\$(6.0)$ million or $\$(0.06)$ per share in 2021, and (116.6\%) of net sales.
- Net loss, as adjusted ${ }^{2}$ was $\$(5.7)$ million, or $\$(0.04)$ per share in 2022, compared to net income, as adjusted ${ }^{2}$ of $\$ 14.2$ million or $\$ 0.15$ per share in 2021 .
- Adjusted EBITDA ${ }^{2}$ was $\$ 31.9$ million, or $5.2 \%$ of net sales, compared to $\$ 62.4$ million, or $11.1 \%$ of net sales in 2021.
"I want to recognize our brands and teams for their unwavering dedication in 2022 in the face of external pressures and a dynamic environment," said Jill Ramsey. "As we went through the quarter, we saw lower marketing effectiveness given the highly promotional environment, and we made the strategic decision to reduce our spend compared to last year in an effort to balance growth and profit. Additionally, as we aggressively tightened our inventory in the second half of the year, there were fewer new styles in our women's brands during the peak holiday selling period. These decisions, combined with the macroeconomic pressures, impacted our performance in the quarter but enabled us to protect the integrity and durability of our brands and business model for the long term."
"As we look ahead, we remain laser focused on strengthening the foundation of our brands and business. The omnichannel initiatives we announced today, including the opening of our first Princess Polly store in Southern California in the back half of the year and testing wholesale, set the stage for continued growth and profitability. We remain firmly committed to building great next-generation brands for the long-term, and I am confident that we have tremendous runway ahead of us," concluded Ramsey.

The Company also announced today that Jill Ramsey, chief executive officer, will be taking time to work through unforeseen medical issues. Jill will remain as active in the business as her health allows and will remain on the Board. During this time, Ciaran Long, chief financial officer, will serve as acting chief executive officer on an interim basis.

## Recent Business Highlights

- Culture Kings store in Las Vegas has exceeded expectations in revenue and brand building activities since opening in November and pleased with the positive impact on U.S. online sales.
- Princess Polly continues to refine their TikTok strategy, which is now a top performing channel in terms of ROI, and saw a nearly $40 \%$ increase in followers in fiscal 2022.
- Petal \& Pup continues to improve their marketing efficiency with the introduction of five new channels in the back half of the year, including CTV and TikTok.
- mnml is now a top ten performing brand on Culture Kings' website and in the Las Vegas store.
- Subsequent to quarter end the company sold Rebdolls back to its founder in an effort to focus on brands with greater scale that can fully benefit from the a.k.a. business model.

## Omnichannel Initiatives

As a.k.a. Brands builds durable, next-generation brands for the long term, the Company will be testing wholesale and brick and mortar initiatives in 2023. As part of these initiatives, the Company announced:

- Princess Polly has signed a wholesale agreement with PacSun to carry up to 50 styles online and in 15 stores beginning this month, with a broader rollout to follow.
- Princess Polly will pilot a store in California in the back half of the year.
- Petal \& Pup is testing wholesale and omnichannel initiatives and recently launched on Target Marketplace.
- The Company is in active discussions with other wholesale partners within the U.S. and internationally for all of the brands in its portfolio.

## Fourth Quarter Financial Details

- Net sales decreased $18.3 \%$ to $\$ 149.1$ million, compared to $\$ 182.4$ million in the fourth quarter of 2021 . The decrease was driven by a $14 \%$ decrease in the number of orders processed and $8 \%$ decrease in the average order value during the quarter. The decrease in the number of orders and average order value were primarily driven by lower marketing spend and a lower mix of full priced items sold.
- Gross margin was $52.8 \%$ in the fourth quarter of 2022 , versus $54.6 \%$ in the same period last year. The 180 basis point decline in gross margin rate was largely the result of a lower mix of full priced items sold partially offset by a $\$ 3.7$ million non-cash purchase accounting charge in the prior year associated with the Culture Kings and mnml acquisitions.
- Selling expenses were $\$ 39.0$ million, compared to $\$ 45.5$ million in the fourth quarter of 2021 . Selling expenses were $26.2 \%$ of net sales, compared to $24.9 \%$ of net sales in the fourth quarter of 2021. The increase was primarily due to fixed cost deleverage partially offset by improvements on outbound shipping and labor productivity.
- Marketing expenses were $\$ 15.4$ million, compared to $\$ 21.5$ million in the fourth quarter of 2021 . Marketing expenses were $10.3 \%$ of net sales, compared to $11.8 \%$ of net sales in the fourth quarter of 2021. The lower marketing expense as a percentage of sales was due to a strategic decision to pull back on marketing spend given the marketing investment inefficiency in a highly promotional environment.
- General and administrative ("G\&A") expenses were $\$ 26.1$ million, compared to $\$ 27.3$ million in the fourth quarter of 2021 . G\&A expenses were $17.5 \%$ of net sales, compared to $14.9 \%$ of net sales in the fourth quarter of 2021. The increase in G\&A expenses as a percent of net sales was primarily due to lower sales in the fourth quarter of 2022.
- Adjusted EBITDA ${ }^{2}$ was $\$ 6.1$ million, or $4.1 \%$ of net sales, compared to $\$ 16.1$ million, or $8.8 \%$ of net sales in the fourth quarter of 2021 .

Full year 2022 financial details are included in the Company's Form 10-K for the twelve months ended December 31, 2022.

## Balance Sheet and Cash Flow

- Cash and cash equivalents at the end of the fourth quarter totaled $\$ 46.3$ million compared to $\$ 38.8$ million at the end of the fourth quarter of 2021 .
- Inventory at the end of the fourth quarter totaled $\$ 126.5$ million, compared to $\$ 115.8$ million at the end of the fourth quarter of 2021 . Inventory decreased $\$ 10.4$ million, or $8 \%$, from the end of the third quarter of 2022.
- Debt at the end of the fourth quarter totaled $\$ 143.6$ million, compared to $\$ 108.8$ million at the end of the fourth quarter of 2021 . The Company drew $\$ 25.0$ million on its revolving credit facility in the first quarter of 2022 and drew $\$ 15.0$ million on its revolving credit facility in October 2022.
- Cash flow from operations for the twelve months ended December 31, 2022 was $\$(0.3)$ million, compared to $\$ 24.0$ million for the twelve months ended December 31, 2021.

## Outlook

## For the full year fiscal 2023, the Company expects:

- Net sales between $\$ 570$ million and $\$ 600$ million
- Adjusted EBITDA ${ }^{3}$ between $\$ 35$ million and $\$ 37$ million
- Weighted average diluted share count of 130 million
- Capital expenditures of approximately $\$ 8$ million to $\$ 10$ million

## For the first quarter of 2023, the Company expects:

- Net sales between $\$ 113$ million and $\$ 116$ million
- Adjusted EBITDA ${ }^{3}$ between $\$ 1.5$ million and $\$ 1.8$ million
- Weighted average diluted share count of 130 million

The above outlook is based on several assumptions, including but not limited to, foreign exchange rates remaining at the current levels and a continued promotional environment. See "Forward-Looking Statements" for additional information.

## Conference Call

A conference call to discuss the Company's fourth quarter and full year 2022 results is scheduled for March 9,2023 , at $4: 30$ p.m. ET. Brands' investor relations website.

## Use of Non-GAAP Financial Measures and Other Operating Metrics

In addition to results determined in accordance with accounting principles generally accepted in the United States of America (GAAP), management utilizes certain non-GAAP performance measures such as net income (loss), as adjusted, net income (loss) per share, as adjusted, Adjusted EBITDA, Adjusted EBITDA margin and pro forma net sales for purposes of evaluating ongoing operations and for internal planning and forecasting purposes. We believe that these non-GAAP operating measures, when reviewed collectively with our GAAP financial information, provide useful supplemental information to investors in assessing our operating performance. See additional information at the end of this release regarding non-GAAP financial measures.

## About a.k.a. Brands

a.k.a. Brands is a brand accelerator of next generation fashion brands. Each brand in the a.k.a. portfolio targets a distinct Gen Z and millennial audience, creates authentic and inspiring social content and offers quality exclusive merchandise. a.k.a. Brands leverages its next-generation retail platform to help each brand accelerate its growth, scale in new markets and enhance its profitability. Current brands in the a.k.a. Certain statements made in this release are "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. When used in this press release, the words "estimates," "projected," "expects," "anticipates," "forecasts," "plans," "intends," "believes," "seeks," "may," "will," "should," "future," "propose" and variations of these words or similar expressions (or the negative versions of such words or expressions) are intended to identify forward-looking statements.
${ }^{3}$ The Company has not provided a quantitative reconciliation of its Adjusted EBITDA outlook to a GAAP net income outlook because it is unable, without making unreasonable efforts, to project certain reconciling items. These items include, but are not limited to, future equity-based compensation expense, income taxes, interest expense and transaction costs. These items are inherently variable and uncertain and depend on various factors, some of which are outside of the Company's control or ability to predict. See additional information at the end of this release regarding non-GAAP financial measures.

These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside the Company's control, that could cause actual results or outcomes to differ materially from those discussed in the forward-looking statements.

Important factors, among others, that may affect actual results or outcomes include the effects of geopolitical, economic and market conditions, including heightened inflation, slower growth or recession, changes to fiscal and monetary policy, higher interest rates, currency fluctuations, the impact of the COVID-19 pandemic, challenges in the supply chain and any disruptions in European economies as a result of the conflict in Ukraine on our operations, customer demand and our supplier's ability to meet our needs; risks related to doing business in China; our ability to anticipate rapidly-changing consumer preferences in the apparel, footwear and accessories industries; our ability to acquire new customers, retain existing customers or maintain average order value levels; the effectiveness of our marketing and our level of customer traffic; merchandise return rates; our ability to manage our inventory effectively; our success in identifying brands to acquire, integrate and manage on our platform; our ability to expand into new markets; the global nature of our business; interruptions in or increased costs of shipping and distribution, which could affect our ability to deliver our products to the market; our use of social media platforms and influencer sponsorship initiatives, which could adversely affect our reputation or subject us to fines or other penalties; fluctuating operating results; the inherent challenges in measuring certain of our key operating metrics, and the risk that real or perceived inaccuracies in such metrics may harm our reputation and negatively affect our business; the potential for tax liabilities that may increase the costs to our consumers; our ability to attract and retain highly qualified personnel, including key members of our leadership team; fluctuations in wage rates and the price, availability and quality of raw materials and finished goods, which could increase costs; foreign currency fluctuations; and other risks and uncertainties set forth in the sections entitled "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Forward-Looking Statements" in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 9, 2023. a.k.a. Brands does not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

## Active Customers

We view the number of active customers as a key indicator of our growth, the value proposition and consumer awareness of our brand, and their desire to purchase our products. In any particular period, we determine our number of active customers by counting the total number of unique customer accounts who have made at least one purchase in the preceding 12-month period, measured from the last date of such period.

## Average Order Value

We define average order value ("AOV") as net sales in a given period divided by the total orders placed in that period. AOV may fluctuate as we expand into new categories or geographies or as our assortment changes.

## RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

## (in thousands, except per share data)

 (unaudited)
## Adjusted EBITDA and Adjusted EBITDA Margin

Adjusted EBITDA and Adjusted EBITDA margin are key performance measures that management uses to assess our operating performance. Because adjusted EBITDA and Adjusted EBITDA margin facilitate internal comparisons of our historical operating performance on a more consistent basis, we use these measures for business planning purposes.

We also believe this information will be useful for investors to facilitate comparisons of our operating performance and better identify trends in our business. We expect Adjusted EBITDA margin to increase over the long-term as we continue to scale our business and achieve greater leverage in our operating expenses.

We calculate Adjusted EBITDA as net income (loss) adjusted to exclude: interest and other expense; provision for income taxes; depreciation and amortization expense; equity-based compensation expense; costs to establish or relocate distribution centers; transaction costs; costs related to severance from headcount reductions; goodwill and intangible asset impairment; sales tax penalties; and one-time or non-recurring items, and Adjusted EBITDA margin as Adjusted EBITDA as a percentage of net income (loss). Adjusted EBITDA is considered a non-GAAP financial measure under the SEC's rules because it excludes certain amounts included in net income (loss), the most directly comparable financial measure calculated in accordance with GAAP.

A reconciliation of non-GAAP Adjusted EBITDA to net income (loss) for the three and twelve months ended December 31, 2022 and 2021 is as follows:

## Net Income Attributable to a.k.a. Brands Holding Corp., As Adjusted (or Net Loss, As Adjusted) and Net Income (Loss) Per Share, As Adjusted

Net income attributable to a.k.a. Brands Holding Corp., as adjusted (or net loss, as adjusted) and net income (loss) per share, as adjusted are considered non-GAAP financial measures under the SEC's rules because they exclude certain amounts included in net income (loss) attributable to a.k.a. Brands Holding Corp. (or net loss) and net income (loss) per share calculated in accordance with GAAP, the most directly comparable financial measures calculated in accordance with GAAP. Management believes that net income attributable to a.k.a. Brands Holding Corp., as adjusted (or net loss, as adjusted) and net income (loss) per share, as adjusted are meaningful measures to share with investors because they better enable comparison of the performance with that of the comparable period. In addition, net income attributable to a.k.a. Brands Holding Corp., as adjusted (or net loss, as adjusted) and net income (loss) per share, as adjusted afford investors a view of what management considers a.k.a.'s core earnings performance and the ability to make a more informed assessment of such core earnings performance with that of the prior year.

We have calculated net loss, as adjusted and net loss per share, as adjusted for the three and twelve months ended December 31, 2022 by adjusting net loss and net loss per share for the following:

1. Inventory step-up amortization expense resulting from the acquisition of mnml;
2. Impairment recognized on the goodwill recorded from the acquisitions of the Culture Kings and Rebdolls reporting units, which is a result of the worsening economic trends, including continued inflation and rising interest rates, as well as unfavorable demand due to a gradual customer shift from primarily online shopping to a mix of online and physical store shopping; and
3. The tax benefit related to the finalization of Australia tax basis allocation pertaining to the inventory and intangibles included in the purchase of the Culture Kings non-controlling interest, as well as an intra-entity transfer of intellectual property rights.
A reconciliation of non-GAAP net loss, as adjusted to net loss, as well as the resulting calculation of net loss per share, as adjusted for the three and twelve months ended December 31, 2022 are as follows:

We have calculated net income attributable to a.k.a. Brands Holding Corp, as adjusted and net income per share, as adjusted for the three and twelve months ended December 31, 2021 by adjusting net income (loss), net loss per share and net loss attributable to noncontrolling interests, as applicable, for the following:

1. Inventory step-up amortization expense resulting from the acquisition of Culture Kings;
2. Equity-based compensation expense related to performance-based awards that vested upon IPO;
3. Loss on extinguishment of debt; and
4. Removal of the tax effect of non-deductible incentive units.

A reconciliation of non-GAAP net income, as adjusted to net income (loss) attributable to a.k.a. Brands Holding Corp., as well as the resulting calculation of net income per share, as adjusted for the three and twelve months ended December 31, 2021 are as follows:

## Pro Forma Net Sales

Pro forma net sales is considered a non-GAAP financial measure under the SEC's rules. We believe that pro forma net sales is useful information for investors as it provides a better understanding of sales performance, and relative changes therein, on a comparable basis. We calculate pro forma net sales as net sales including the historical net sales relating to the pre-acquisition periods of Culture Kings, assuming that the Company acquired Culture Kings at the beginning of the period presented. Pro forma net sales is not necessarily indicative of what the actual results would have been if the acquisition had in fact occurred on the date or for the periods indicated nor does it purport to project net sales for any future periods or as of any date. A reconciliation of non-GAAP pro forma net sales to net sales, which is the most directly comparable financial measure calculated in accordance with GAAP, for certain periods is as follows:
